

ULTRA-LOW

PROFILE HATCH

Elevate your view... minimise the profile

The Ultra-Low Profile Hatch is on its way, combining practicality, aesthetics, and ease of installation – it's an excellent choice for marine enthusiasts. Don't miss out – place your order now to secure your stock from the first production batch of this highly anticipated product.

Optimised Ventilation: With a 360° vent position, this design ensures optimal airflow throughout the vessel for comfort and freshness.

Versatile Options: Choose between flush bi-square for a seamless look or external handles for added convenience and regulations compliance.

Self Supporting Design: The friction lever mechanism ensures a secure hold for the Ultra-Low Profile Hatch at various angles.

Features

- **Durable and Lightweight:** Crafted as standard from grey acrylic, the lid is both robust and lightweight. It sits a mere 10mm above the deck, ensuring a sleek and unobtrusive profile.
- **Corrosion-Resistant Frame:** The lower frame features a silver anodised finish, providing excellent corrosion resistance even in harsh marine environments.
- **Easy Retrofitting:** The matched cut-out design aligns seamlessly with Lewmar Low Profile, Medium Profile, and Ocean Hatches, as well as other brands of hatch (please verify dimensions and corner radius). This allows for straightforward retrofitting without requiring modifications or additional deck drainage holes.
- **Cost-Effective Compatibility:** Compatible with existing trims and flyscreens, the Lewmar Ultra-Low Profile Hatch offers functionality without additional expense.

Hatch Size	Lewmar PN	Flush Bi-Square
10	34910010	SZ10 + GREY ACRYLIC + SILVER FRAME/HINGE + FLUSH SPINDLE
20	34920010	SZ20 + GREY ACRYLIC + SILVER FRAME/HINGE + FLUSH SPINDLE
